### **DETAILED ACTION**

1. This office action is responsive to communication filed on 5/15/2009.

Claims 1, 3-10, 12-21 have been examined.

#### ***Continued Examination Under 37 CFR 1.114***

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 5/15/2009 has been entered.

#### ***Response to Amendment***

3. The examiner has acknowledged the amended claims 1, 10, and 19. The 112 second paragraph rejection to claim 10 has been corrected and withdrawn accordingly.

#### ***Response to Arguments***

4. Applicant's arguments, see pages 8-11, filed 5/15/2009, with respect to the rejection(s) of claim(s) 1, 3-10, 12-21 under 103(a) have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of the first paragraph of 35 U.S.C. 112.

***Drawings***

5. The informal drawings are not of sufficient quality to permit examination.

Accordingly, replacement drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to this Office action. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action.

Applicant is given a TWO MONTH time period to submit new drawings in compliance with 37 CFR 1.81. Extensions of time may be obtained under the provisions of 37 CFR 1.136(a). Failure to timely submit replacement drawing sheets will result in ABANDONMENT of the application.

***Claim Objections***

6. Claims 1 and 10 are objected to because of the following informalities: "PDP" should be defined in the first appearance of the claims.
7. Claims 9, 18, and 21 are objected to because of the following informalities: "ageing" should be "aging".

***Claim Rejections - 35 USC § 112***

8. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

9. Claims 1, 10, and 19 are rejected under 35 U.S.C. 112, first paragraph, as based on a disclosure which is not enabling. “updating the PDP table” and “updating the L2 table” are critical or essential to the practice of the invention, but not included in the claim(s) is not enabled by the disclosure. See *In re Mayhew*, 527 F.2d 1229, 188 USPQ 356 (CCPA 1976).

In Figure 5 and pages 10-11 of the specification, it indicates “in step 102, the PDP module 52 **stores** in the PDP table 50 the VLAN ID, IP address, and polling period transmitted in the PDP command...” and “If the silent device 16 responds with an ARP reply message, the PDP module 52 and the source learning module 56 respectively **update** the PDP and L2 tables in step 112. In this regard, the source learning module 56 performs its routine source learning function described in detail in IEEE 802.1D, as modified by IEEE 802.1Q and IEEE 802.1V, and retrieves the MAC source address from the ARP reply message.” As such “updating the PDP table” and “updating the L2 table” are critical and essential and should be reflected in claims 1, 10, and 19.

All dependent claims are rejected to as having the same deficiencies as the claims they depend from.

***Allowable Subject Matter***

10. Claims 1, 3-10, 12-21 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 1st paragraph, set forth in this Office action.
